Good Afternoon Family: On Nov.6, I received from Joseph T. the area literature account. That was the check book, files, and literature. The inventory is available if requested, it value was \$1425.06. The checking account had \$1850.00 in it with one out standing check to MSO \$1392.50 bring balance to \$457.50. Savings account balance of \$287.50. Cash Box; \$ 9.75 cash and check for \$70.25 (\$80.00 total). Area Literature Value \$2250.06. This differs from my verbal report because of an inventory addition error.

Ok, on Nov.16, 2011 I made an order from MSO in the amount \$829.20 and this I brought to the Area Meeting. We distributed \$847.06 in literature, some of that special order item that I have to order. After Area We preformed another inventory see attachment, value of \$1461.76, cash and checks of in amount of \$926.29.

On Nov. 26 2011 me and Joseph T. went to the bank, deposited \$915.54, and transferred the account to me.

I have transferred \$275.00 from savings to checking and stopped the paper billing. We have on this date \$1373.04 checking, \$12.50 savings, \$1461.76 inventory, and an \$829.20 bill at MSO that I will pay by 12/3/2011.
